10. ATTENDANCE – PARTICIPATION

Academic integrity and mutual respect between the instructor and student are the foundation of any academic institution. This is reflected in the attendance policy. Class attendance is mandatory and counts towards the final grade. The number of absences is based on the number of class meetings missed. Students who arrive late or depart early from class may be counted as absent.

Standard Attendance Policy

Absences are based on academic hours – 1 absence equals 3 academic hours.

On the second absence the attendance and participation grade will be impacted.

On the third absence the instructor may lower the final grade by one letter grade.

The fourth absence constitutes automatic failure of the course, regardless of when absences are made.

Late Arrival and Early Departure

Arriving late or departing early from class is not acceptable. Two late arrivals or early departures or a combination will result in an unexcused absence. Travel is not an exceptional circumstance.

Travel (or delays due to travel) is NEVER an excuse for absence from class.

It is always the student's responsibility to know how many absences he or she has in a course. If in doubt, speak with your instructor!

Participation: Learning a foreign language is an incremental process which requires active involvement, commitment, and preparation. Students will be assessed based on these three factors evidenced by enthusiastic participation and demonstration of effort and genuine attempts to master verbal, comprehension, and writing skills. Participation will be evaluated during individual and group work, and encompasses overall effort, cooperation during activities, responsible behavior, and timely completion of assignments.
